Amendments to the Claims:

The present listing of the claims replaces all past listings of the claims:

Listing of claims

In the Claims:

- 1.(currently amended) A method of cleaning a soiled carpet, the method comprising
 - a) adding to the reservoir of a carpet cleaning machine a water soluble solid product comprising a carpet cleaning composition, which composition comprises at least one surfactant and at least one silicone glycol copolymer super wetting agent;
 - b) adding water to the reservoir of the carpet cleaning machine prior to or after adding the water soluble solid product, and
 - c) operating the carpet cleaning machine on the soiled carpet [[.]] wherein the combined effect of the surfactant and the super wetting agent in the composition is capable of reducing the surface tension of water below 28 mN/m when 15g of the composition is dissolved in 4 liters of water.
- 2.(previously presented) A method according to claim 1 wherein the water soluble solid product is added to the reservoir of the carpet cleaning machine prior to adding the water.
- 3.(previously presented) A method according to claim 2 wherein the water soluble solid product is a powder, granule, pellet or a tablet.
- 4.(previously presented) A method according to claim 3 wherein the solid is a tablet.
- 5.(cancelled)

6.(currently amended) A water-soluble carpet cleaning composition in solid form comprising at least one surfactant and at least one silicone glycol polymer super wetting agent wherein the combined surface tension effect of the surfactant and the super wetting agent in the composition is capable of reducing the surface tension of water below 28 mN/m when 15 g of the solid product is dissolved in 4 litres of water

7.(previously presented) A water-soluble carpet cleaning composition in solid form according to claim 6 which additionally comprises a builder, a disintegrant, an antifoaming agent, a solvent and a fragrance.

8.(previously presented) A water-soluble carpet cleaning composition in solid form according to claim 6 which is in a tablet form.

9.(previously presented) A water-soluble carpet cleaning composition in solid form according to claim 6 which additionally comprises one or more of: a builder, a disintegrant, an antifoaming agent, a solvent and a fragrance.
